SHyMet Focus: Development Plan
SHyMet Development Plans:

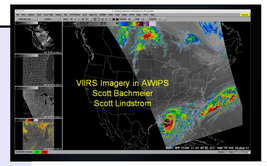
Intern ***most popular
Forecaster
Tropical
Severe Thunderstorm

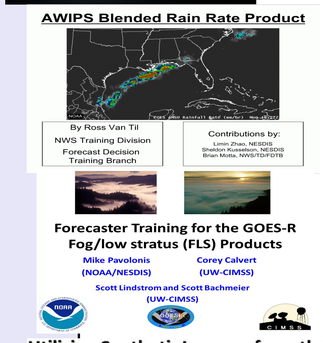
http://rammb.cira.colostate.edu/shymet/

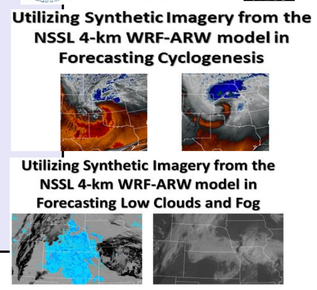
On the horizon:
GOES-R SHyMet

New Teletraining and Modules

- **VIIRS Imagery in AWIPS**
  by S. Bachmeier and S. Lindstrom
- **AWIPS Blended Rain Rate Product**
  by R. Van Til
- **Forecaster Training for the GOES-R Fog/low stratus Products**
  by M. Pavolonis and C. Calvert
- **Synthetic Imagery in Forecasting Cyclogenesis**
  by D. Bikos
- **Synthetic Imagery in Forecasting Low Clouds and Fog by D. Bikos**

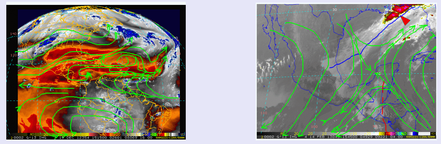






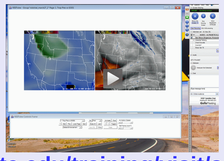
MONTHLY VIRTUAL DISCUSSIONS

- **WMO Regional Focus Group of the Americas and the Caribbean**



http://rammb.cira.colostate.edu/training/rmtc/focusgroup.asp

- **VISIT Satellite Chat**



http://rammb.cira.colostate.edu/training/visit/satellite_chat/

WMO VLab Virtual Round Table Event on Competence Requirements for Aeronautical Meteorological Personnel

by K. Caesar and A. Robertson-Quimby

Are you confused with the new definitions for WMO Aeronautical personnel and WMO Meteorologist? What are the WMO Aeronautical competencies and are there any actions needed from aeronautical professionals right now?

http://vlab.wmo.int

Acknowledgments
This work is supported by NOAA Grant NA090AR4320074.
We are grateful to all contributors to the training events, online sessions and modules. (They would take more than a poster to list!)
